OUR MISSION IS TO MOVE YOU, NOT JUST YOUR BOXES

We know that moving can be hectic, which is why it's our goal to be more than just a mover. We're here to be your partners and make your move easier. We'll help you plan the day ahead of time, locate storage facilities, find enough of the right size boxes, and even bring you coffee on the day of your move.

What you can expect on moving day

- ✔ The day will start with a welcome call to confirm all of the key info like address, intersection, and where to park the truck.
- ✔ As soon as we arrive, we'll do a walkthrough of your home, taking note of any special items that require extra care.
- ✔ Then we'll get moving, quickly and carefully packing up the truck. We'll save your most important items to be packed last so you can get to them right away.
- ✔ As soon as we arrive at your new home, we'll unload everything in the designated rooms with speed and care.
- ✔ Next, we'll review our checklist to make sure everything is where it should be. Before we leave, we'll jump at the opportunity to be the first to offer a housewarming gift.

DON'T TAKE OUR WORD FOR IT!

These reviews warm our heart. See these flattering "real" reviews "spelling errors in all".

"First time ever using a moving company and I was highly impressed. Planned this move a month ago, showed up on time in the snow with a cup of coffee in hand for me and moved my belongings without a hitch. I'll be happy to use You Move Me again in the future. Thank you all for making my move easy and painless!"

Mack Van
